

EAOM London 2023

Friday

Topic Room 1

Topic Room 2

Congress Opening
Michael Escudier (President)
Farida Fortune and Stephen Porter
(Local Organising Committee)

"Crispian Scully Lecture"
Social Inequality and its impact on health and oral health: Professor Farida Fortune

Immunobullous Disease (1000-1300)

Moderators: Professor Jane Setterfield and Professor Marco Carrizzo
1000-1030 Pathogenesis: Professor Enno Schmidt
1030-1050 Immunofluorescence Studies: Dr John Mee
1050-1120 Break

1120-1140 ENT involvement: Professor Guri Sandhu

1140-1220 Ocular Involvement: Mr Sajjad Ahmad

1200-1220 Cutaneous Involvement: Dr Kristina Semkova

1220-1240 Oral aspects of immunobullous disease: Dr Barbara Carey

1240-1300 Treatment: Dr Thomas Tull

Oral Presentations: Research (1100-1300)

Moderators: Professor Nikolaos G Nikitakis and Professor Athanasios Pouloupoulos

8 presentations
10 minutes presentation
5 minute discussion

Dr Stephanie Rose: Working towards a risk prediction model for Early Oral Squamous Cell Carcinoma Patients undergoing sentinel node biopsy
Dr Dimitrios Andreadis: 3D tissue engineered human oral mucosa containing salivary gland spheroids
Dr Jin-Seok Byun: Role of transcriptional factor FoxO1 in pathogenesis of oral lichen planus
Dr Anastasia Andreou: Comparative immunohistochemical study of PD-L1 and semaphorin 4D expression in oral lesions diagnosed with lichen planus versus epithelial dysplasia with lichenoid inflammation
Dr Daniel Giglio: Biomarkers Correlating with the Development of Cancer from Leukoplakia
Dr Jonas Sundberg: Toll-like receptors 3 and 7 in oral leukoplakia and oral squamous cell carcinoma
Dr Antonio Celentano: Diagnostic precision modelling and inflammatory drivers in head and neck cancers
Dr Helen Colley: Transmucosal delivery of conventional drugs and biologics by mucoadhesive electrospun membranes fabricated to incorporate microneedles
Dr Flavia Biamonte: Ferroptosis landscape in Oral Squamous Cell Carcinoma: from molecular to clinical perspective

Lunch Break (1300-1400)

Moderators: Professor Marco Meleti and Professor Antonio Azul
14:00 – 14:30 A Critical Review of Facial Pain: Professor Tara Renton
14:30 – 15:00 Temporomandibular Disorders: A Critical Update Dr Roddy McMillan

15:00 – 15:30 Break

1530-1600 Surgical management of trigeminal neuralgia and SUNCT: Mr Sinan Baraz
1600– 16:30 Psychological intervention for persistent orofacial pain; Dr Beth Guildford
1630 – 1700 Trigeminal neuralgia guidelines: Professor Joanna Zakrzewska

Imaging in the head and neck: An update (1400-1500)

Moderators: Professor Michael Escudier
1400-1500 Dr Lee Feinberg

Oral Presentations (Clinical) (1500-1700)
Moderators: Professor Ross Kerr and Dr Konstantina Delli
8 presentations
10 minutes presentation
5 minutes discussion

Dr Federica Canfora: Unmet Needs of BMS Patients Explored through Blueprint Personas: An innovative approach to Enhanced Care
Dr Mollie Clark: The Value of Labial Gland Biopsies as a Diagnostic Test for Sjögren's Syndrome
Dr Daniela Adamo: Comparative Evaluation of Vortioxetine Versus Other Antidepressants with Pregabalin Augmentation in Burning Mouth Syndrome: A Randomized Controlled Trial Assessing Treatment Response in 202 Patients"
Dr Neils Sluijpers: 19/09/2023 Longitudinal evaluation of major salivary gland functioning in Sjögren's disease patients in a prospective standard-of-care cohort
Dr Sviatlana Anishchuk: A retrospective review of 622 patients attending an oral mucosal dysplasia clinic over 15 years
Dr Hamnah Azam: Surgical management of 30 patients with proliferative verrucous leukoplakia- a case series
Dr Alessio Gambino: In-vivo morphological evaluation of ultrastructural changes with optical coherence tomography in oral lesions patients with epidermolysis bullosa after application of a platelet gel and laser photomodulation: a preliminary study
Dr Mark Schifter: Rituximab for the treatment of mucous membrane pemphigoid (and variants).

Close of day 1

Drinks Reception 1830-1930
Gala Dinner 1930

Saturday

Topic Room 1

Topic Room 2

Salivary gland disease - updates (0900-1200)
Moderators: Professor Farida Fortune and Dr Luis Monteiro
0900-0930 Eosinophilic sialodochitis - an overview: Dr Rubaiyat Haque
0930-1000 Salivary endoscopy: Dr Bethan Thomas
1000 - 1045 Break

1045-11.15 Trials for oral dryness: Dr Valeria Mercadante and Professor Stefano Fedele
1115-1200 IgG4 Related disease of the head and neck: Professor Stephen Porter

Clinico-Pathological Session (0900-1200)
Moderators: Dr Claire Healy and Dr Sheila Galvin

"Why is my tongue so big?": Dr Aileen Tyler
"My cheeks are swollen" : Dr Rita Antonelli
A painful tongue: Dr Alexa Laheij
More than just a sore mouth: Dr Konstantinos Tzanavaris
Break 1020-1040
"I have red gums": Dr Vasileios Zsis
"My gland is swollen": Dr Stephanie Rose
"There's a lump on my cheek" Dr Molly Harte
"I have ulcers in my mouth": Dr Vignesh Murthy

General Assembly of EAOM 1200-1300

Lunch Break (1300-1400)

Current Concepts in Oncology Related to Oral Medicine(1400-1700)
Moderators: Professor Bengt Hasseus and Dr Amanda Willis

1400-1430 Early detection of oral cancer: Dr Teck Teh
1430-1500 Head, Neck and Salivary Gland: Mr Nicholas Kalavrezos

MRONJ: An Update (1400-1500)
Moderators: Professor Michael McCullough and Dr Vlaho Brailo
1400-1430 Medication-related osteonecrosis of the Jaw: a 20-years journey of clinical experience and research: Professor Stefano Fedele
1430-1500 Myth busting in the surgical aspects of medication-related osteonecrosis of the jaw: Mr Vinod Patel

1500-1530 Break

1530-1600 Graft versus host disease: Dr Nathaniel Treister

Future landscape 1530-1600
Moderators: Professor Michele Mignogna
1530-1600 What Next? Professor Stephen Porter

1600 AAOM/WWOM

1645 Closing of Conference and Introduction to Joint EAOM/AAOM 2025
